

## **Aigerim Orynbassar - Robotics Engineer**

### **Contact:**

Email: aigerim.orynbassar@example.com

### **Summary:**

Robotics Engineer with expertise in robotic system design, sensor integration, and automation. Proficient in C++, Python, and ROS (Robot Operating System). Known for developing efficient robotic solutions for industrial applications.

### **Skills:**

- Robotics Programming (C++, Python)
- Robot Operating System (ROS)
- Sensor Integration & Control Systems
- Motion Planning & Computer Vision
- Hardware-Software Integration

### **Professional Experience:**

- **Robotics Engineer**, Automated Solutions LLC  
Developed robotic systems for industrial automation, improving operational efficiency by 15%.
- **Research Assistant**, Robotics Lab  
Assisted in robotic motion planning projects and contributed to published research on robotic automation.

### **Education:**

Master's in Robotics, Nazarbayev University
